## PRO HAIR 1500 HOURS, PROGRAM OVERVIEW

Over twelve life-changing months, our Professional Hairstyling Program will transform you into an industry-ready Hair Stylist. Under the mentorship of our award-winning instructors, you will gain a broad set of tools and techniques, learn the business inside out, and develop the confidence and creativity to become a successful Hair professional.

Each level involves a curated mix of theory, hands-on workshops, extensive practical work, onsite education combined with online educational support and real-life experience.

Throughout your training, your confidence and skills are developed, honed and sharpened through consistent and continual hands on practice. You will have hundreds of hours of practice and practical application, beginning with mannequin heads, progressing to working on your classmates, family members and friends and graduating to working on outside clients within our professional salon environments.

While we move you to working on outside clients fairly quickly, we always ensure that the rhythm and pace feels appropriate and comfortable. Our goal is to always surround you with the support and guidance that sets you up for success.

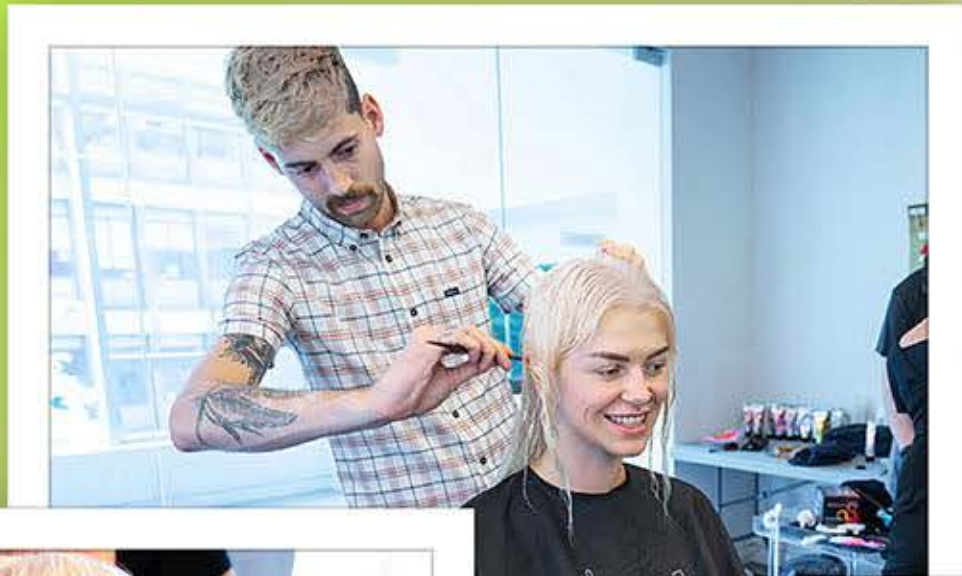

As you become fully proficient in the processes and principles of Hair, the emphasis shifts from your role as a student to a

Hair professional. Fundamental career skills in resumé building, networking, and career search techniques are reviewed.

In addition, you are provided with expert advice in navigating the lucrative opportunities working in Hair for TV and Film, and understanding about set etiquette, health and safety protocols, and what is required to become a permittee in various unions (i.e. IATSE and ACFC).

You will take part in a series of professional photo shoots to capture your work. This continual compilation of new fresh, visual content allows you to build your social media profile.

Our courses in Social Media Marketing and Art and Technology will help you understand the essential tools and business practices of social media and to assemble a professional digital portfolio.

We'll explore the fundamentals of the Hair business, coaching you in client relations, resumé building, networking, and retail strategies.

You will also acquire the needed business skills and knowledge to build your client list and industry contacts. Establish your own business, whether as a stylist within your own home, as a chair rental within a salon or for your very own business, as a salon owner.

Build on additional revenue streams, working on a freelance basis, as a stylist for weddings and special events. Gain agency representation as a Hairstylist for editorial, fashion shows, or e-commerce shoots. Work on set for TV and Film, develop creative content as an influencer, or provide training as a product educator or expert.

As a graduate of our signature Pro Hair program, you will join a celebrated network of faculty and alumni who have achieved outstanding success in the Hair industry.

Pivot Point method is an advanced educational curriculum that provides the academic and practical foundation for Hair students. Opting for a more sustainable option, we have replaced the heavy textbooks with a digital-friendly, interactive version of Pivot Point, called LAB.

LAB has a module-based digital content that has built-in engagement tools:

- an extensive selection of discussion forums, quizzes, interactive tests, and technical videos

At Blanche Macdonald Centre we have adapted the best of Pivot Point practices and merged it with our own unique customized collaborative curriculum.

## 5. RED SEAL CERTIFICATION OPTION

### BLANCHE MACDONALD CENTRE, FULL DESIGNATION APPROVED

Blanche Macdonald Centre has Full Designation status with SkilledTradesBC.

Blanche Macdonald Hair students have a choice of selecting a Red Seal Hair program or a non-Red Seal Hair program.

Students successfully completing select entry dates of the Blanche Macdonald Professional Hairstyling Program will have achieved the training to meet the SkilledTradesBC Hairstylist Level 1 technical training requirements toward Red Seal.

If a passing grade on the SkilledTradesBC examination is achieved, the candidate will receive the SkilledTradesBC Certificate of Completion (Hairstylist Foundation Program) and once apprenticed, 1290 hours toward their work-based hours requirement for Red Seal. Subsequent training (Level 2 and on-the job training) will enable the candidate to continue on the Apprenticeship Pathway and upon successful completion of the examinations, achieve the SkilledTradesBC Certificate of Qualification (CofQ) with Red Seal Endorsement.

While British Columbia does not have a training hour requirement for Hair, many other provinces do.

For example, Alberta and Ontario require Hairstylists and Barbers to have provincial qualifications to legally work in these provinces.

**By having your hair training hours recognized as part of the Red Seal Designation, this will give you the freedom and mobility to work anywhere in Canada.**

### IMPORTANT

For those students who are applying for the Pro Hair Program and are from other countries or are planning to work in other countries, please check with these regional or national authorities to see whether our Hair training hours will be recognized and transferred.

Blanche Macdonald Centre is not responsible for whether our learning and training credits are transferred or recognized in other countries.

## **6. PROFESSIONAL PHOTOSHOOTS**

A key tool for building your online portfolio and your digital footprint is in building visual content. With the professional photoshoots with professional Vancouver photographers, you are able to capture your various hair looks and showcase your talent. Multiple photoshoots are organized with different modules throughout the FT Pro Hair program.

## **7. SALON WORK EXPERIENCE**

Two external industry placements are essential elements of the Professional Hairstyling program. You will be immersed in “a day in the life” and experience one or two working salons. These placements are an invaluable opportunity to connect with industry professionals and potentially receive a job offer (or two). With the leadership of our Program Director, Phil Loiselle, the College has created a network of several hundred Salons who have participated in our Salon Practicums.

## **8. Q + A SALON**

### **A Learning Laboratory and CurliQue Beauty**

LARA DILLMAN, STYLIST AT  
BRUSH SALON, VANCOUVER

“

*The client relations aspect of the program was huge. Figuring out how to get someone to trust you and feel comfortable with you as a student makes it so much easier to have people trust you when you're a professional!*

*I graduated on a Friday and started the next Monday.”*

Blanche Macdonald Pro Hair Grad  
Lara Dillman

*Blanche Macdonald has such a good reputation. I asked around and my friends all knew people who had studied there.*

*People in the fashion industry told me to check it out too. I could see the quality of the work that they were putting online. I just went for it!*

*I took the program seriously, but I wasn't stressed at all. I had so much fun. I was always excited about what I was going to learn each day. I didn't have to hand in math homework, so it didn't feel like school to me."*

### **Freddy Sim, Blanche Macdonald Pro Hair Grad**

Multiple Contessa Award Winner

- MEN's Hair 2020 Winner
- BC Hairstylist 2019
- Multicultural Hairstylist 2017
- BC Hairstylist 2016

“

*The Pro Hair Program touched base on a lot of things. Since then I've met stylists who studied at other schools and I realized how much more you learn at Blanche Macdonald. For example, I can do so many different types of hair extensions.*

*I learned that at Blanche Macdonald. I didn't have to take an extra course. I was really happy with what I'd learned once I finished Hair School. I was ready to move on and watch myself succeed.”*

**Blanche Macdonald Pro Hair Graduate  
Erin Koslo**

Owner and Stylist, Vanity Corner Hair Boutique  
Edmonton, Alberta  
Featured with her daughter Zoe

“

*If hair wasn't attached to humans  
I wouldn't do this. I love working  
with people.*

*I always look at my clients' eyes in the  
mirror when I'm working. I'm looking  
for their personality and what they're  
looking for—gauging the haircut to suit  
them, both with their face shape and  
their individuality.*

*Technical theory is so important but  
after time you start to understand the  
concept of cutting for a person.”*

**Cody Dunbar, Blanche Macdonald Pro  
Hair Graduate**

Former Electrician on the Trans-Canada Pipeline.  
Now featured Barber at the Bourbon Barbershop and  
Shave Club in Saskatoon, Saskatchewan

CODY DUNBAR, BARBER, BOURBON BARBERSHOP AND SHAVE CLUB IN SASKATOON, SASKATCHEWAN

“

*It prepared me so well! Having the work experience especially aided me in knowing what to expect going to a salon environment.*

*All of the in-class teaching and info was so broken down and understandable, that I felt prepared when I was ready to go into the field as a professional.*

*It's a really full year and it's so intensive and very detailed... To me, it was university for hair school.”*

**Nessa Pineda, Blanche Macdonald Pro Hair Graduate**

Unicorn Mane Painter at Field Trip Hair Salon in Vancouver

“

*It's so easy to go into hair school with an idea of what you want to do, but school is where you really figure out your passion for when you're finished.*

*Try literally everything you can while you're there with amazing teachers that can tell you everything.*

*I'm a firm believer in picking something you love and aiming to be as good as humanly possible at it.*

*When I work, I want to feel like I'm the absolute best I can be.”*

# ADMISSIONS REQUIREMENTS & PROCEDURES

## Admissions Information

Making the decision to pursue a new career can be confusing and challenging. To ease the process and to assist you in researching your educational options, your first step is to connect with an Admissions Director. Please give yourself the time to speak with a college Director to thoroughly discuss and review your career options, and to allow us to help you with the admissions process and financial aid options.

## Admission Requirements

- Applicants must be a high school graduate or 19 years of age or older at the start of the student's program of study.
- Proof of English skills is required for ESL applicants: Blanche Macdonald Centre English Assessment 21+/30, IELTS 5.5+, TOEFL iBT 55+.
- If English is your primary language or you have completed a minimum of 2 years of English study, you are not required to submit proof of your English proficiency.

## Admission Procedures

Students who are Canadian Citizens or have Landed Immigrant Status:

- Personal interviews are arranged with Admissions Directors to assess the applicant's aptitude and suitability in this field, your degree of commitment to your studies, financial capability and preparedness, and your experience or knowledge of the industry. Interviews can be conducted in person, by phone or Skype.
- Please complete the online Student Application/Personal Information Form.
- Please indicate on your Application whether you require a Canada Student Loan. Please note that students applying for Student Loan funding must apply well in advance of their start date.
- Once you have been accepted into the program, it is essential that you register as early as possible. To ensure small class sizes and a high teacher-student ratio, it is necessary for the college to limit enrollment. If you wish to have a preferred program starting date, or if you are applying for Student Loan funding, advance registration is strongly advised. The Blanche Macdonald Centre has limited registration.

## International Students

- If English is your primary language, then you are not required to submit proof of your English proficiency.
- If English is not your primary language but you have successfully completed a minimum of two years of full-time English study, then you are not required to submit proof of your English proficiency.
- If you do not meet the above criteria, then you are required to submit proof of English proficiency. To ensure that you are able to handle your studies in English, the College accepts TOEFL and IELTS results. If students prefer, the College also has an internal English Proficiency test available on site.
- Once you have met all the admission and financial requirements and you are accepted into the College, a letter of acceptance will be issued. It is the sole responsibility of the student to arrange for any necessary student visas or extensions.
- For International students who are interested in our International Work / Study Programs, there are Co-op Programs available. The Professional Hairstyling Co-op Program is two years long. You will attend one year of classroom study and one year of co-operative placement (work experience). You will then return to the College at the end of the two years for a final assessment.
